

Option 1

Ransomware is expensive... but not for the reasons you think.

- ✗ Lost customer trust
- ✗ Regulatory fines
- ✗ Business downtime

🛡️ NAKIVO Backup & Replication protects your business before it gets to this.

- ✓ Immutable backups – no ransom payments
- ✓ Instant recovery – no lost revenue
- ✓ Enterprise-grade data protection – without the high price tag

Prevention is always cheaper than the cure.

Option 2

⚠️ Backups don't always mean protection.

If your backups aren't immutable, they can be encrypted just like your production data. And once ransomware strikes, it's too late to secure them.

NAKIVO Backup & Replication prevents this by offering:

- ✓ Immutable backups – ransomware can't alter or delete them
- ✓ Instant recovery – restore critical systems in minutes
- ✓ Optimized costs – advanced protection without the premium price

Option 3

Ransomware is a billion-dollar industry. And cybercriminals are running it like a business:

- ♦ They plan attacks.
- ♦ They set prices.
- ♦ They even have “customer support” for victims.

But here's the good news: You don't have to play their game!

With NAKIVO Backup & Replication & BSA, you stay in control:

- ✓ Immutable backups – can't be altered or deleted
- ✓ Instant recovery – back to business in minutes
- ✓ Affordable protection – no need to break the bank

💡 What's your backup plan? If you don't have one, let's talk.

Option 4

 Ransomware attack. Your business is down. What's next?

- ✗ Option 1: Pay a massive ransom (and hope they give your data back)
- 🕒 Option 2: Lose weeks of productivity, profits, and customer trust
- ✓ Option 3: Restore everything in minutes with NAKIVO Backup & Replication

When disaster strikes, what's your plan? Secure your business with a cost-effective, top-rated backup solution.
